WEALTH MANAGEMENT SYSTEM (HLB)

The system is to set itself apart from the traditional way of investment and savings plan.

We have incorporated risk metrics for evolving portfolio risk management needs so that it helps users to handle their wealth themselves without needing remisers.

With this wealth management system, users can plan for their retirement fund, travel goal etc. They are able to manage their portfolio easily by switching the fund portfolio in the platform.

MENTAL HEALTH

Covid pandemic has a far-reaching impact on mental well-being of humans, even of those who recovered from the infection.

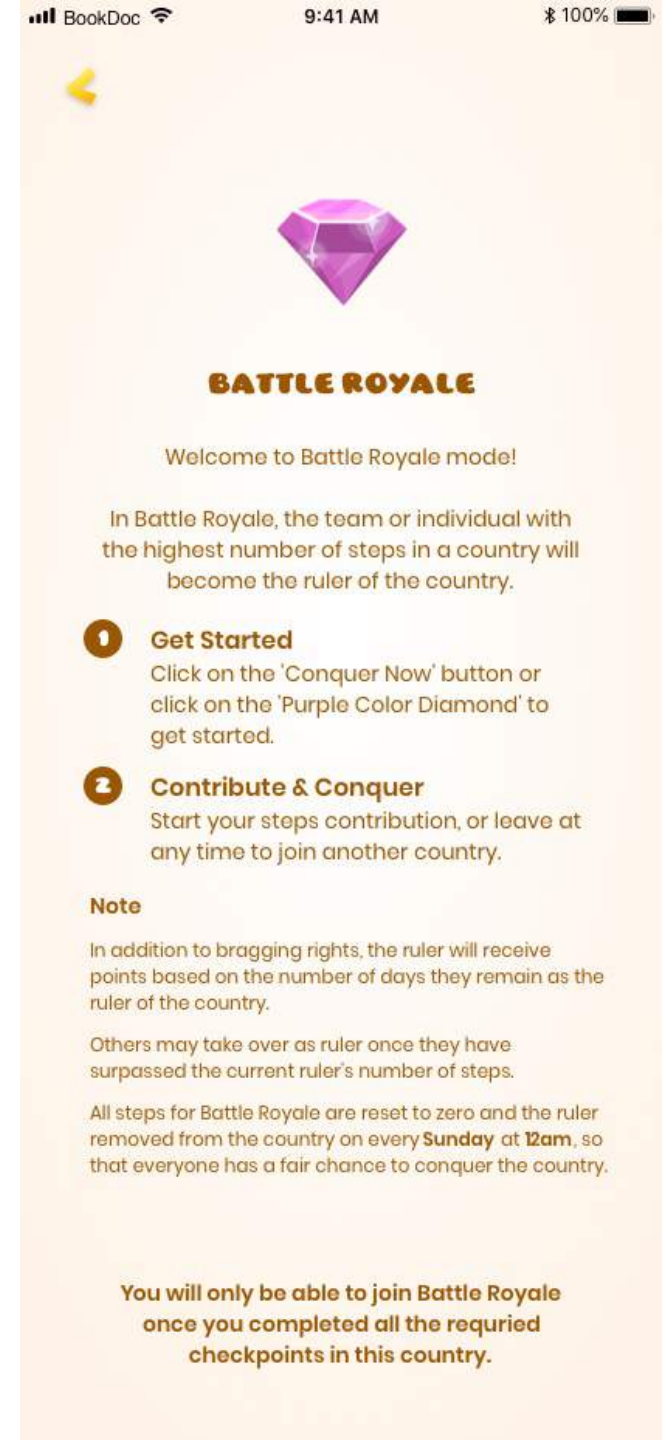

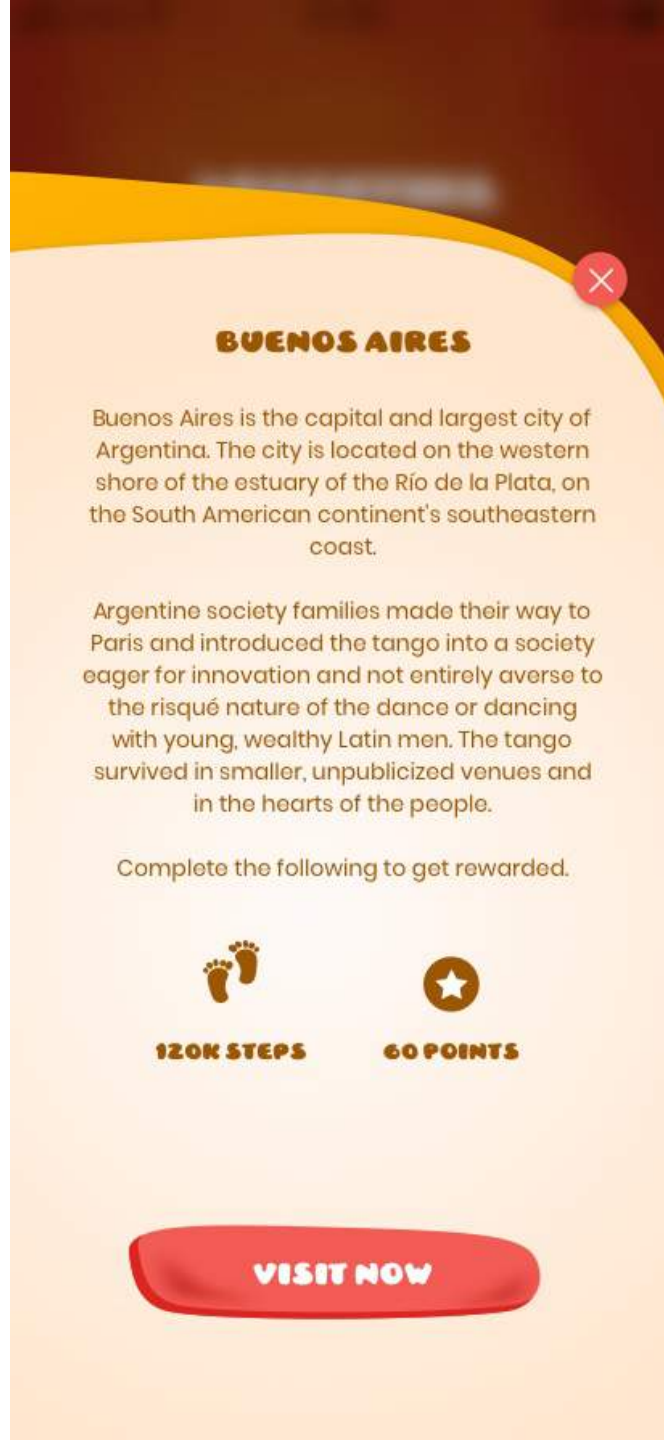

To help us manage depression and stress, I come up with “Mental Health” feature in our app. With it, users can find someone to talk to, record their daily mood to express themselves, do depression assessment for self-check, or consult professionals directly.

AROUND THE WORLD CHALLENGE

This is a premium feature of BookDoc app.

Pandemic has made travelling impossible, hence we created a game-based virtual challenge to encourage users to walk more and interact with other users virtually.

CREATE BATTLE

HLB BANKING APP

The number of mobile banking users is increasing everyday. With this in mind, we want to make our banking app more practical by including banking transaction and financing application functions.

By doing this, we want to create a change in user's behaviour by getting users to use mobile banking. HLB is also one the first banking apps that allows users to perform various applications via the app.

First thing first

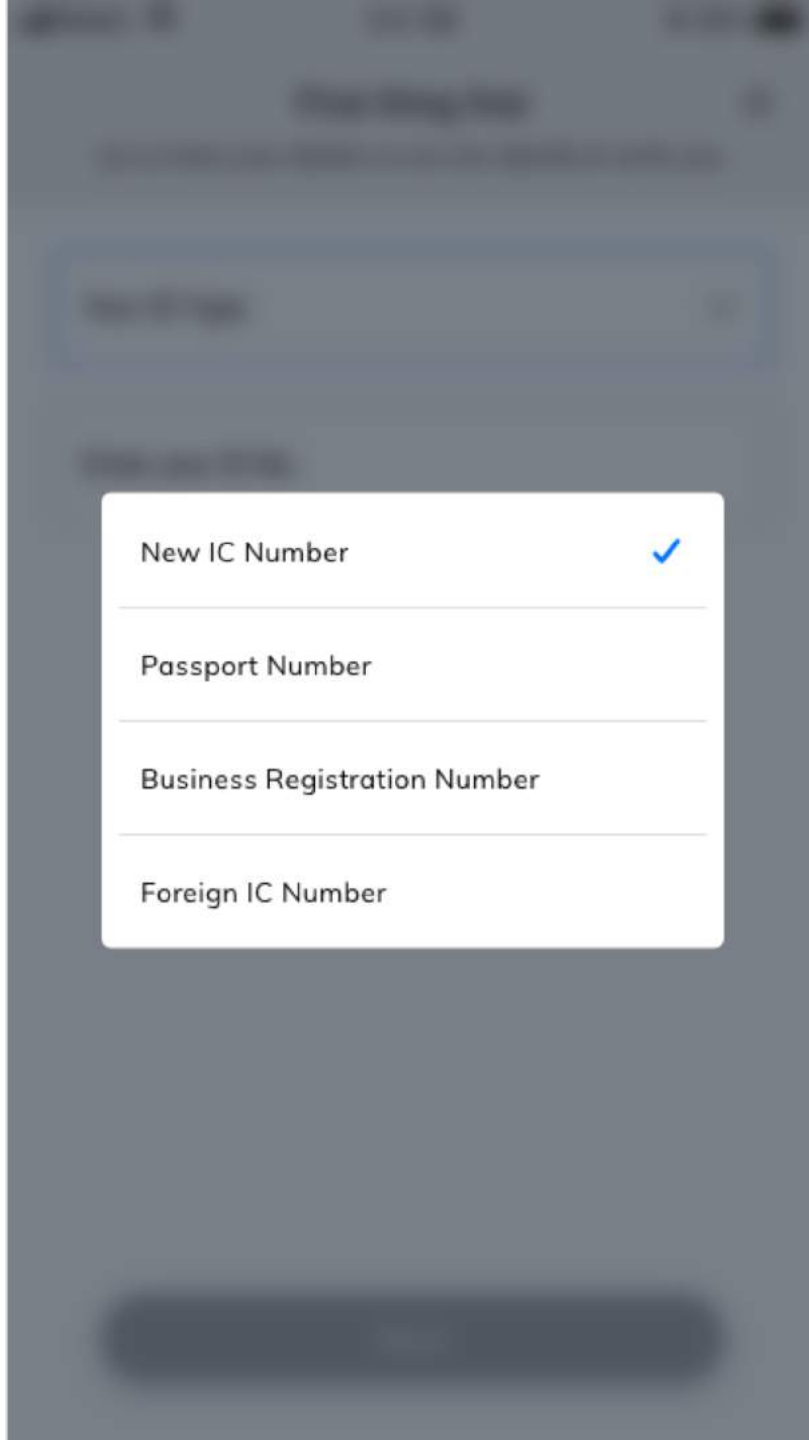

Let us have your details so we can identify & verify you.

Your ID Type ▼

Enter your ID No.

Next

- New IC Number
- Passport Number
- Business Registration Number
- Foreign IC Number

A bit more info needed

We just want to be sure that you're the card owner.

GABI APP

GABI app is built to gain savings with commercial building automation.

Gabi users are targeting to achieve up to 25% heating ventilation air conditioning (HVAC) savings for their commercial building.

Users are able to control the temperature, fan, and damper via the app to make their building energy-efficient by optimizing its energy data while achieving optimum comfort levels.

AUTOMATED TELLER MACHINE (ATM)

PROBLEM

A traditional ATM operates with buttons on the machine, just like Nokia 3310.

Each click will only get one return value, and thus, in order to complete a transaction, it will take a long time.

SOLUTION

The new proposal is to convert the button navigation to touchscreen.

Touchscreen system displays more information and is able to collect multiple data and return multiple values. It also allows users to personalize their transaction behaviour via the platform too.

Besides, the application adopts dark mode because of the sunlight during the daytime.

Since the launching of the touchscreen system at all HLB branches in 2019, we have also improved the ATM system based on users' feedback, for instance, the font size of the receipt amount on the screen.

A New Plan to Create and Protect Your Wealth

AXA Wealth Creator

Are creating wealth and achieving financial freedom, is your long-term goal? When you are too focused on wealth creation and accumulation, there may be an oversight on wealth protection. Any unforeseen circumstance might jeopardise your efforts overnight, leaving your loved ones in a worrying state.

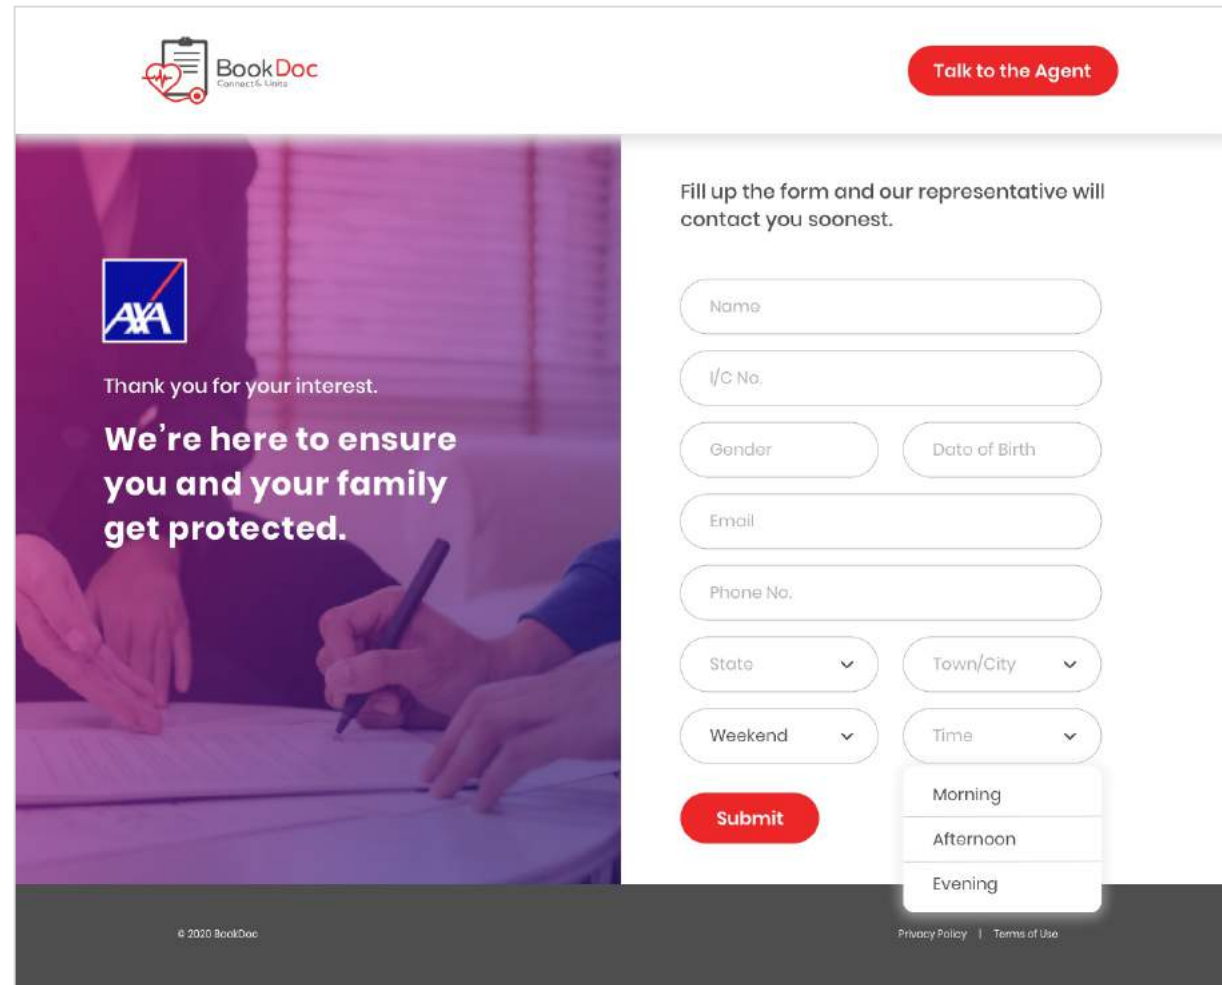

We at AXA AFFIN Life Insurance acknowledge your need for wealth creation, accumulation, and distribution. Let AXA Wealth Creator – our best legacy plan – protect you and your wealth throughout the entire wealth management journey. Leave the hard work to us to manage your wealth protection!

The Key Benefits

Short Premium Payment Terms We have 4 premium term options (5, 10, 15 or 20 years) that you can choose to suit your financial planning needs.	Terminal Illness Benefit If you are diagnosed with terminal illness, 100% of the death benefit will be payable.	Maturity Benefit Upon maturity of the policy, you will receive a lump sum payment that is equivalent to your Account Value (if any).
Loyalty Bonus Every 2 policy years starting from 5th policy anniversary onwards, an additional 0.5% of the average monthly account value over the last 2 years will be credited into your account value.	Loyalty Booster On 10th policy anniversary, an additional 20% of the average monthly account value over the last 10 years will be credited to your account value based.	Guaranteed Renewal Your policy is guaranteed to be renewed up to age 100 at your option and without underwriting.

Any withdrawal made within the past 12 months from the date of the insured's death or suffers from IPD.

About the Challenge

- Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aenean commodo ligula eget dolor. Aenean massa.
- Cum sociis natoque penatibus et magnis dis parturient montes, nascetur ridiculus mus.
- Donec quam felis, ultricies nec, pellentesque eu, pretium quis, sem. Nulla consequat massa quis enim.
- Donec pede justo, fringilla vel, aliquet nec, vulputate eget, arcu.
- In enim justo, rhoncus ut, imperdiet a, venenatis vitae, justo.
- Nullam dictum felis eu pede mollis pretium. Integer tincidunt. Cras dapibus.
- Vivamus elementum semper nisi. Aenean vulputate eleifend tellus.

Scoring Mechanics

The scoring mechanics comprise of 2 components: steps performance & bonus points.

Steps Performance

Each day, with their daily steps, Members are able to contribute points to the team respectively based on the following matrix:

- < 3,000: 0 pts
- ≥ 3,000 and < 6,000: 1 pts
- ≥ 6,000 and < 10,000: 3 pts
- ≥ 10,000: 5 pts

Bonus Points

New member component: Each NEW BookDoc user (i.e. never joined any of the prior challenges) as a Member shall entitle the team additional 10 bonus points (capped at 1 member).

Virtual challenge component: Throughout the challenge duration there will be virtual challenges made available exclusively for TNB users. Members can contribute 10 points to the team by completing the milestone of the virtual challenge.

How to Join?

- Step 1**
Download BookDoc App via [Apple App Store](#), [Google Play Store](#), or [Amazon App Store](#).
- Step 2**
For New Users, click 'Register'. For Existing Users, click 'Sign In'.
- Step 3**
Click 'Activate Now' at the bottom of the page. Enter 'XBTMST' as the Activation Code, followed by your Employee ID.
- Step 4**
Select 'Activ', synchronize with activity tracker and start walking.

Compatible Devices & Apps

Find solutions, set up instructions, troubleshooting steps, and helpful tips specific to you. Click on the following icons to find out more.

Can't find what you want? Do [contact](#) our technical support team if you need further assistance.

Frequently Asked Questions

Activation & Compatibility

1. What do I need before using BookDoc Activ?
2. How do I join BookDoc Activ?
3. What is my TNB Vibrant Living activation code and how do I activate it?
4. Why do I need to verify phone number?

[Read More](#)

Sync Your Device

1. Do I have to open BookDoc app all the time?
2. My number of steps does not sync with BookDoc Activ, what can I do?
3. Why does BookDoc Activ still show 17 steps after I have synced with a fitness app/tracker?

[Read More](#)

Competition & Grand Prizes

1. How do I increase my chance of winning the Grand Prizes?
2. How do I ensure I don't miss out at the challenges throughout the year?
3. What are Individual Virtual Challenges?
4. What are Group Level Challenges?

MyJanjiTemu Brochure Design

ABOUT

MyJanjiTemu

People will forget what you said. They will forget what you did. But they will never forget how you made them feel.

In reality, apart from product or service quality, customer experience is always what makes or breaks a business. Thanks to the fast-changing digital advancements, we are hardwired to get everything fast and hassle-free. Ideally with a flick of finger.

With this in mind, we aim to help business owners take their businesses a notch higher with our automation tool - MyJanjiTemu app. The beauty in this application lies in its scheduling function, where appointments can be fixed based on the availability, hence saving the precious time of business owners and customers. Besides, the app ensures social distancing compliance by limiting the headcounts per time slots, giving everyone peace of mind. Also, it helps business owners to monitor performance in terms of appointments made.

We will continuously build more in-app capabilities that extend to all facets of business-customer interaction, as guided by our core belief: to build a symbiotic customer-business relationship (enhanced customer experience and improved business operation efficiency) which then creates a virtuous cycle for sustainable business performance.

MyJanjiTemu Brochure Design

The brochure features a blue and white color scheme with a background image of a diverse group of people. On the left, a computer monitor displays the app's interface, which includes a search bar for providers and services, a list of categories like 'All & Remedial', 'Acupuncture & Tui Na', 'Beauty & Aesthetics', 'Healthcare', 'Professional Services', and 'Others', and a section titled 'Features That You Can't Miss'. The right side of the brochure is divided into two columns: 'RETAILER CENTRIC App Features' and 'CUSTOMER CENTRIC App Features'. The retailer-centric features include Business Setup, Schedule Management, Social Distancing Compliance, and Reporting & Performance Measurement. The customer-centric features include Services Search, Social Distancing Compliance, and Appointment Scheduling. At the bottom right, several smartphones are shown displaying the app's interface.

MyJanjiTemu App Features

MyJanjiTemu app incorporates **4A's (automation, alternative, accessibility, alert)**, making it quick and easy for your customers to schedule appointments with your business.

This literally puts an end to the email ping-pong or WhatsApp waterfalls. Better resource planning. More quality time to make business experience shine!

RETAILER CENTRIC App Features

- BUSINESS SETUP**
Create the digital storefront of your business to make your services known and to improve your business visibility via in-app services search.
- SCHEDULE MANAGEMENT**
Set up available time slots for appointment; allow single or group bookings; block off slots for customers; have quick overview of daily and monthly appointments.
- SOCIAL DISTANCING COMPLIANCE**
Ensures no overcrowding by pre-assigning customers to all the available slots, and helps you manage your manpower resource.
- REPORTING & PERFORMANCE MEASUREMENT**
Capture customer centric data, which can be useful for CRM or marketing initiatives; keep track of KPI in terms of appointments.

CUSTOMER CENTRIC App Features

- SERVICES SEARCH**
Explore the services or service providers they could most likely be interested in based on industry, location and service provider filters.
- SOCIAL DISTANCING COMPLIANCE**
The app ensures limited headcounts per slot, giving you peace of mind and saving you from long waiting.
- APPOINTMENT SCHEDULING**
Access the pre-arranged appointment details for reconfirmation or amendment if there is a need; get real-time updates and alerts prior to appointments.

Socio Brochure Design

**ABOUT
SOCIO**

Where Google Analytics ends, Socio is just beginning...

Socio is a social network analytics solution that allows you to track your social network accounts just the same way you would track the performance of your websites. The best comparison would be to Google Website Analytics.

Just like you can track visitors, time on site, keywords, geography and many other aspects of web performance there with Socio you can track membership, demographics, interests, geography, education, employment and many other aspects of your social space.

Robust Analytics

Go beyond Facebook and Twitter with analytics on important metrics for more than a dozen social networks and blog platforms, as well as Yelp business reviews. Track hashtag and keywords across entire social networks.

Campaign Publisher

Post messages simultaneously to as many social networks as you wish. Choose to post immediately or schedule for later. Use an optional tracking code to measure conversions and calculate ROI - all from your dashboard.

SOCIAL MEDIA STRATEGY

Manage Teams

Add unlimited team members to your projects and set customized access levels. Convenient sorting by brand, location or however you wish to separate profiles.

Buzz Discovery

See what's trending online and find out what is happening with the keywords that matter most to you with dynamic and UNLIMITED keyword searching.

Reporting Export/Download

Use provided conversion snippet that you will place on your website to track conversions and determine ROI with a built in ROI calculator.

Measurable ROI

Take the important metrics and information from your dashboard and export it however you wish. Create reports or choose individual graphs and categories from the dashboard.

- 1 What is Socio?**
Socio is a social network analytics solution that allows you to track your social network accounts just the same way you would track the performance of your websites.
- 2 Which networks can I track?**
Blogger, Digg, Facebook (pages and personal profiles), Foursquare, Instagram, LinkedIn (groups, companies, and personal profiles), Meetup, MySpace, Orkut, Twitter, Tumblr, Vimeo, WordPress, YouTube Business review tracking at Yelp.
- 3 Do you have publishing capability?**
Socio offers a full featured social publishing tool. Productivity oriented publishing interface allows you to schedule and manage your social publications.
- 4 Can I manage team and client access?**
Yes. Managing team and client access to a given project is simple. You can create unlimited number of users with access to your social projects.

- 5 Do you offer training?**
Yes, we host a weekly webinar that provides hands on overview of Socio. Participants are guided through the system, its features, recommended setup scenarios. We will cover analytics, supported networks, goals and objectives, campaign and ROI tracking, and reports.
- 6 Help me understand terminology:**

Projects: A way of grouping related social projects and reporting.

Accounts: The actual social properties - Facebook Page, Youtube Channel

Campaign: A publication or a series of publications that are grouped together for analytical purposes.

User: The registered individuals that have authorized permission to access projects

Sign up by **4th August 2017 (Friday)** and join us in our mission to end hunger.

#SUNWAYFORGOOD is our commitment towards a sustainable environment, economy and society.

Content and design by Group Brand Marketing & Communications

CAMBRIDGE COMES TO SUNWAY

The University of Cambridge has signed several agreements with the Sunway Group and the Jeffrey Cheah Foundation that mark the 800-year-old world-renowned university's first such collaboration in the world.

As part of the collaboration, Sunway Medical Centre will establish the Sunway Clinical Research Centre, which will be a Regional Site Partner of the University of Cambridge School of Clinical Medicine. The centre will help develop an integrated approach to healthcare, clinical trials and research in Malaysia aimed at prevention, earlier diagnosis and improved treatments for a range of disease entities, that are suited to the Asian genetic composition.

Malaysia's Minister of Health, YB Datuk Seri Dr S. Subramaniam, commemorated the establishment of the Centre at a ceremony held today at Sunway University, after the launch of the 2nd Cambridge-Oxford-Sunway Biomedical Symposium.

“ Cambridge University's decision to collaborate with us further testifies to Sunway's commitment to excellence and to giving back to society. ”

— Sunway Group founder and chairman Tan Sri Data' Seri Dr Jeffrey Cheah ac, who is also founding trustee of the Jeffrey Cheah Foundation

Signing Ceremony
16th August 2017

“ At Sunway, we are determined to raise standards in healthcare and education, providing the best possible to not just Malaysians, but the 630 million-strong population of the ASEAN region. Making people's lives better is fundamental to what we do here, because we are passionate about sustainable development. ”

— Tan Sri Data' Seri Dr Jeffrey Cheah ac

The collaboration agreements between the Jeffrey Cheah Foundation, Sunway Medical Centre, the University of Cambridge, and Royal Papworth Hospital, will establish a joint programme between the University's School of Clinical Medicine, Sunway Medical Centre, Jeffrey Cheah School of Medicine and Health Sciences, and Sunway University. The programme will enable the sharing of academic excellence through regular academic visits and exchanges, and offer scientific and clinical training opportunities at Cambridge for outstanding postgraduates from Sunway.

The signed agreements also allow for Sunway Medical Centre to collaborate with two hospitals who are part of the Cambridge University Health Partners, namely the world renowned Royal Papworth Hospital and Addenbrooke's Hospital.

For information, contact Elvina at: elvinalpj@sunway.com.my or 03-5639 8793 or Dhiwenia at: dhiwenia@sunway.com.my or 03-5639 8194

This invitation is for the exclusive use of the recipient and is non-transferable.

SUNWAY®

KINDNESS FOR ALL

Kindness For All is a collaboration between Jeffrey Cheah Foundation, Sunway Group and Sunway University, featuring the handiwork of special children from **Generating Opportunities for the Learning Disabled (GOLD)**.

Proceeds from the handiwork sales will go towards further developing the children at GOLD.

GOLD is a social, non-governmental organisation that enables people with learning disabilities to maximise their potential and become contributing members of society.

COME, VISIT US!
